The Gospel

God created the earth, but instead of making us mindless worshipers, He gave us the choice of freewill. We chose sin, and we still do every time we sin. But God still loved us, so He sent His only son, Jesus, to die for us. For our sins. We deserved death, but God wanted us to live with Him for eternity. Jesus rose from the grave and conquered death and the devil. He has already won the battle.
